Bugle Call!

See Monday Papers.

CINCE our semi-annual sale of Manufacturers' Stocks became the talk of the millions, we have been besieged by offers from manufacturers to turn their products into cash at whatever sacrifice.

REATER New Yorkers and their country friends have kept our immense store so crowded with customers since the bugle called them to the midsummer bargainfest, that we have taken all the desirable stocks offered, and start the week with over a million dollars worth of new goods to sell at about half their real value.

COME with the crowd! Come and share our prosperity! Come where popular prices reign. Respectfully,
